Placement by Domain

Results indicate that Ada has gaps in grade-level word knowledge and may need more support in comprehending texts read aloud. This child will benefit from rich, engaging oral-language activities that target both Vocabulary and Comprehension. Taken together, this information places Ada in Instructional Grouping Profile 3.

Phonological Awareness

-  Early / Mid K
392

Developmental Analysis

This domain is focused on how children distinguish the sounds (or phonemes) in spoken words. Ada will benefit from instruction and practice in identifying rhyme, blending and segmenting onset and rime, and blending and segmenting syllables.

The skills in this domain extend through grade 1.

Phonics

-  Grade 1
448

Developmental Analysis

This domain focuses on how accurately children decode written words. Ada will benefit from instruction and practice in decoding words with long-vowel digraphs and other vowel teams, two-syllable words with VC/CV patterns, compound words, and words with inflectional endings.

The skills in this domain extend through grade 3.

High-Frequency Words

-  Mid K
396

Developmental Analysis

This domain addresses how well children recognize frequently occurring words. Results indicate that Ada is recognizing some Grade K high-frequency words but will benefit from additional practice.

The skills in this domain extend through grade 2.

Vocabulary

-  Emerging K
359

Developmental Analysis

Both word knowledge and word-learning strategies are addressed in this domain. Results indicate that Ada will benefit from oral instruction in basic kindergarten words, including words that tell about shapes, colors, size, and food.

Comprehension: Literature

 Emerging K
342

Developmental Analysis

This domain addresses Ada's understanding of literary text. Results indicate that Ada will benefit from instruction targeting listening comprehension and oral language development. Read aloud engaging stories, plays, and poems. Build related background knowledge and vocabulary, and ask questions to prompt discussion about characters, events, and concepts.

Comprehension: Informational Text

 Early K
371

Developmental Analysis

This domain addresses Ada's understanding of informational text. Results indicate that this child will benefit from instruction that targets listening comprehension skills such as answering questions about key ideas and details as well as identifying the order of events in informational text. Build related background knowledge and vocabulary, and encourage Ada to share facts and new information from read-alouds.
