Placement by Domain

Results indicate that Ada understands grade-level literary and informational read-alouds. This child also demonstrates steady progress in Phonics, as well as a good vocabulary. Expect continued growth in reading and expose Ada to increasingly complex read-alouds as well as texts this child can read independently. This information places Ada in Instructional Grouping Profile 5.

Phonological Awareness

 Grade 1
429

Developmental Analysis

This domain is focused on how children distinguish the sounds (or phonemes) in spoken words. Results indicate that Ada is demonstrating understanding of the phonological awareness skills that emerging readers need. This child should now focus on the recommendations found in the Phonics domain.

The skills in this domain extend through grade 1.

Phonics

 Grade 1
445

Developmental Analysis

This domain focuses on how accurately children decode written words. Ada will benefit from instruction and practice in decoding words with long-vowel digraphs and other vowel teams, two-syllable words with VC/CV patterns, compound words, and words with inflectional endings.

The skills in this domain extend through grade 3.

High-Frequency Words

 Grade 1
452

Developmental Analysis

This domain addresses how well children recognize frequently occurring words. Results indicate that Ada is recognizing many Grade 1 high-frequency words and is ready to begin learning Grade 2 high-frequency words. Ada is also ready for instruction in learning to spell Grade 1 high-frequency words.

The skills in this domain extend through grade 2.

Both word knowledge and word-learning strategies are addressed in this domain. Ada is mastering some basic words but may need instruction and practice in additional kindergarten vocabulary, including words used in stories, content areas, and other school contexts. Use some of these words to extend understanding of word categories and words with multiple meanings.

Comprehension: Literature

 Early K

387

Developmental Analysis

This domain addresses Ada's understanding of literary text. Results indicate that this child will benefit from instruction that targets listening comprehension skills such as identifying story elements and asking and answering questions about key ideas and details. Build related background knowledge and vocabulary, and encourage Ada to retell read-aloud stories.

Comprehension: Informational Text

 Mid / Late K

411

Developmental Analysis

This domain addresses Ada's understanding of informational text. Ada is ready for instruction that targets listening comprehension skills such as identifying the main idea or topic and retelling key details in a text. Build related background knowledge and vocabulary, and encourage Ada to share new information learned from read-alouds.
